MONTHLY REPORT

June 30, 2026

CABA HEDGE

Strategy

- Evergreen strategy that capitalizes on the yield spread between Scandinavian covered bonds and government bonds.
- Yield spread capitalization by purchasing AAA-rated covered bonds while simultaneously selling swaps/government bonds.
- The yield spread is enhanced through leverage thereby achieving a higher expected return on investment.
- Alpha-generation from dynamic positioning based on flows and relative value analysis.
- Continuously utilization of market opportunities across the investment universe.
